The Tour

This tour is the ultimate way to experience the best of what Ningaloo Reef and Cape Range National Park have to offer.

You may choose to begin your Adventure a littler earlier or fly in on the day of departure. Our tours are designed to start with the arrival of the daily QANTAS flight.

If you are arriving early, we can advise some fun things to do in the town of Exmouth including places to stay and where to eat!

We find most of our guests do fly or drive in at least 1 day prior to their tour.

Day 1 – 5

The team from RegionX and Exmouth Adventure Co (EAC) will meet you at our base in Exmouth, you will be kitted out with all the gear you will need for sea kayaking, snorkeling and camping.

Spend the next 5 days sea kayaking along the coast in the sheltered, turquoise lagoons of Ningaloo Reef, visiting numerous snorkel sites along the way. Travel in a one-way direction with the prevailing breeze, and return by vehicle each night to our comfortable base camp.

Take some short bushwalks to explore the stunning gorges of Cape Range National Park, and visit the Milyering Visitor Centre.

At the end of the Ultimate Safari tour we'll drop you back at Mantarays Ningaloo Resort to relax and recharge for the next leg of your adventure. Tonight you have dinner on us at the award-winning Mantarays Resort Restaurant.

Day 6

Our Whale Shark Cruise partners will pick you up after breakfast on Saturday morning for a day of swimming with these gentle giants - a once-in-a-lifetime experience! Aboard the comfortable vessel you will learn about the habits of the creatures before you get the opportunity to jump in with them! The day also includes lunch and a cruise in search of migrating humpbacks, dugong and more! Return to Manta Rays in the afternoon to unwind and relax. On Saturday evening, enjoy a delicious set-menu dinner at Whalers Restaurant.

Day 7

Tour ends upon check out from Mantarays Ningaloo Resort after breakfast on Sunday.

Sea Kayaking and Snorkeling

The sea kayaking takes place inside the fringing reef, where the lagoon is rarely more than 3m deep - perfect for spotting wildlife and snorkeling! After your guide gives you a thorough paddling lesson and a safety talk, we launch the kayaks and travel along the coast at a relaxed pace, stopping on secluded beaches for morning tea and lunch.

Be amazed by turtles darting around your kayak, look for the silhouettes of rays as they rest or forage in the sand. We usually paddle the coastline from Yardie Creek and head north with the prevailing winds, finishing at Ned's Camp or Mangrove Bay.

Each day provides fantastic snorkeling opportunities. At some sites we land the kayaks on the beach and swim a short distance from shore, at other sites we anchor or moor the kayaks and slip over the side with our snorkels. We have discovered some excellent 'un-named' snorkeling spots that are only accessible by kayak.

Each afternoon we lock up the kayaks on the beach and return by vehicle to our base camp, where (in between stories of the day!) you can take a solar shower, read a few pages of a good book, grab some snacks and a drink, and settle in for a west coast sunset, or just relax and reflect on the beauty of your surroundings.

Camping

For 5 consecutive nights we camp out in spacious, comfortable stand-up tents, or in a swag under the stars. We have the luxury of our vehicle and camper trailer at base camp, making camping and cooking is easy.

At base camp we have picnic tables and camp chairs, gas cookers, fridges, shade and wind shelter, toilet and solar showers: all the gear you need for comfortable camping (we even provide pillows!). At the end of each day of adventure we drive back to camp, enjoy a fresh water wash, and over a few drinks and nibbles, enjoy the sunset.

Camp is also close to some great bushwalking locations. We usually do the Yardie Creek walk and Mandu Mandu Gorge walk, as well as visiting the National Park Visitor Centre at Milyering.
